

**ANNUAL REPORT OF THE
INDIANA PUBLIC DEFENDER COMMISSION
2002-2003**

I. STATUTORY DUTIES

The Indiana Public Defender Commission was created by the General Assembly in 1989 by P.L. 284-1989. The Commission's primary purposes are to: (1) make recommendations concerning standards for indigent defense services provided for defendants against whom the state has sought the death sentence under I.C. 35-50-2-9; (2) adopt guidelines and salary and fee schedules pursuant to which Indiana counties are eligible for reimbursement under I.C. 33-9-14; and (3) review and approve requests from county auditors for state reimbursement from the public defense fund in capital cases.

In 1993, the General Assembly amended the Commission's statute in P.L. 283-1993 and authorized reimbursement from the public defense fund of 25% of a county's net expenditures in non-capital cases.

Effective July 1, 1997 the reimbursement level in non-capital cases was amended to provide 40% reimbursement of defense services in non-capital cases, except misdemeanors.

Under I.C. 33-9-13-3(a), the Commission is currently mandated to do the following:

- (1) Make recommendations to the Indiana Supreme Court concerning standards for indigent defense services provided for defendants against whom the state has sought the death sentence under IC 35-50-2-9, including the following subjects:
 - (A) Determining indigency and eligibility for legal representation.
 - (B) Selection and qualifications of attorneys to represent indigent defendants at public expense.
 - (C) Determining conflicts of interest.
 - (D) Investigative, clerical, and other support services necessary to provide adequate legal representation.
- (2) Adopt guidelines and standards for indigent defense services under which counties are eligible for reimbursement under IC 33-9-14, including but not limited to the following subjects:

- (A) Determining indigency and the eligibility for legal representation.
 - (B) The issuance and enforcement of orders requiring defendants to pay for the costs of court appointed legal representation under IC 33-9-11.5.
 - (C) The use and expenditure of funds in the county supplemental public defender services fund established by IC 33-9-11.5.
 - (D) Qualifications of attorneys to represent indigent defendants at public expense.
 - (F) Minimum and maximum caseloads of public defender offices and contract attorneys.
- (3) Make recommendations concerning the delivery of indigent defense services in Indiana.
 - (4) Make an annual report to the Governor, the General Assembly, and the Supreme Court on the operation of the public defense fund. *As added by P.L.284-1989, sec. 4. Amended by P.L.283-1993, sec. 2.*

III. COMMISSION MEETINGS

During FY 2002-03, the Commission met on September 4 and December 11, 2002, and February 26 and June 4, 2003.

IV. SUMMARY OF COMMISSION ACTIVITIES

A. Capital Cases

The Commission held its first meeting on January 29, 1990. The Commission's primary focus during its first year was the preparation of a proposed new court rule concerning the appointment and compensation of counsel to represent defendants in capital cases. In November 1990, the Commission submitted to the Supreme Court a proposed new court rule concerning these subjects. In June 1991, the Supreme Court issued a draft of a proposed amendment to Criminal Rule 24 regarding the appointment and compensation of counsel in capital cases, which incorporated many of the Commission's recommendations. Subsequently, the Commission submitted to the Supreme Court a written response to the Court's proposed draft rule. On October 25, 1991, the Supreme Court adopted amendments to Criminal Rule 24, effective January

1, 1992.

In 1991, the Commission adopted guidelines under which Indiana counties are eligible for reimbursement for indigent defense services in capital cases from the public defense fund under IC 33-9-14. These guidelines, effective January 1, 1992, require compliance with Criminal Rule 24.

In 1992, as a service to the trial courts and after consultation with Chief Justice Shepard, the Commission began maintaining a roster of attorneys who qualify for appointment in capital cases as either lead counsel, co-counsel, or appellate counsel based on their experience and their compliance with the training requirements in Criminal Rule 24. The roster is intended to aid trial judges in seeking qualified counsel when death penalty requests are filed against indigent defendants, although trial judges may appoint attorneys who are not on the roster if they meet the qualifications specified in Criminal Rule 24. The roster was revised in the spring of 1998, with attorneys being requested to update their information. The revised roster was placed in a computer database for distribution to trial judges. In March of 1999 the roster became available via the Internet, located at, www.state.in.us/judiciary/admin/pub_def/attindex.html.

Also during 1998-99, the Commission studied and reported to the Chief Justice regarding defense costs in several capital cases. The Commission offered to be involved, through staff, in assisting courts in budgeting for capital cases. At the request of the trial court judges, the Commission also revised the form used by counties to submit claims for reimbursement in capital cases.

The Commission also amended the capital guidelines to provide for reimbursement in situations where standby counsel has been appointed for a defendant who has waived the right to counsel. The Commission requires such counsel to meet the requirements for lead counsel under Criminal Rule 24.

In 1999-00, the Commission began studying the use of salaried public defenders as counsel in death penalty cases. The Marion County Public Defender Agency proposed using a full-time salaried public defender rather than an hourly paid attorney to handle death penalty cases. Subsequently, a full-time salaried public defender provision was added to Criminal Rule 24 by the Supreme Court effective January 1, 2001.

During 2000-01, the Commission amended its Guidelines in capital cases to provide that requests for reimbursement be submitted within 120 days of the date the county paid the underlying invoice. This amendment should result in timelier filing of claims and more accurate budgeting. Finally, the Commission has been reviewing instances of non-compliance with Criminal Rule 24 with the intent of making a report to the Supreme Court.

In 2002-03, no substantial changes were made in Commission Guidelines or procedures regarding capital cases.

B. Non-Capital Cases

At its June 4, 2003, meeting, the Commission was faced with noncapital claims from the third quarter of fiscal year 2002-2003 totaling \$1,818,345. However, the balance in the public defense fund was only \$1,261,597. I.C. 33-9-14-6 requires that, whenever payment in full of noncapital claims would reduce the balance of the fund to an amount below \$250,000, the Commission shall suspend payment of noncapital claims until the next semiannual deposit into the public defense fund. Because the total noncapital claims were greater than the balance in the public defense fund, the Commission resolved that the statute required suspension of payment of noncapital claims for reimbursement until the next semiannual deposit on June 30, 2003. The Commission further resolved that the pending noncapital claims would then be paid in full on July 1, 2003.

Historical Background:

After the enactment of P.L. 283-1993, the Commission began work on the adoption of standards for non-capital cases under IC 33-9-13-3(a)(2). On June 29, 1994, the Commission approved a draft of standards and authorized the distribution of the proposed standards to county auditors, commissioners, council members, judges, and public defenders for comment. On September 1, 1994, the Commission reviewed the comments, made revisions, and adopted standards for non-capital cases with an effective date of January 1, 1995.

On December 2, 1994, the Commission adopted a policy authorizing counties to phase in compliance with the non-capital standards on a court-by-court basis so long as the County made a commitment to bring all indigent defense services into compliance with the standards within a reasonable period.

The Legislature enacted P.L. 202-1997, which, effective July 1, 1997, changed the reimbursement to 40% of defense services in all non-capital cases, except misdemeanors.

In February of 1998, the Commission added a full time staff attorney through the Supreme Court's Division of State Court Administration. The staff attorney has assisted the Commission in a pro-active approach to reimbursements in non-capital cases. Tom Carusillo served in that capacity from 1998 through May of 2003, when Neal Bowling took over as attorney for the Commission.

On September 1, 1999, the Commission adopted a revision to Commission Standard E (4) regarding qualifications of counsel in juvenile delinquency matters. This revision gave consideration to juvenile court experience in qualifying counsel to handle juvenile delinquency matters. Previously, only adult felony experience was considered.

On June 28 and 29, 2000, three Commission members, Chairman Norman Lefstein, Senator Richard Bray, and Senator Timothy Lanane attended a symposium on indigent defense in Washington D.C. sponsored by the Department of Justice. One of the

highlights of the event was the address by Attorney General Janet Reno, and her reference to the Indiana reimbursement program as a model to be followed by other states.

During the 2000-01 fiscal year, eleven additional counties became eligible for reimbursement: Adams, Carroll, Jay, Kosciusko, Monroe, Noble, Rush, Steuben, Vanderburgh, Washington, and White. At the close of the fiscal year, 48 counties were eligible for reimbursement in noncapital cases. Staff for the Commission continued to make presentations to counties regarding participation in the reimbursement program. Meetings were conducted throughout the year with officials of thirty counties, as interest in participation in the reimbursement program continued to grow.

Due to rapid growth in the number of participating counties, payment of reimbursements from the January 31 and April 18, 2001, meetings had to be suspended. Increased county participation resulted in the total dollar amount of claims exceeding the amount available in the Fund to pay the claims. However, because of a bookkeeping error, it was not apparent at the time that the Fund had insufficient funds on hand with which to pay the claims in full. As a consequence, payment was made in full, when payment should have been made on a prorated basis.

Chairman Lefstein met with legislative leaders, who were provided projections and background material regarding the Commission's needs. The General Assembly approved an increase in the Commission's appropriation from \$2.4 million per year to \$6.0 million for fiscal year 2001-02 and \$7.0 million for fiscal year 2002-03. This appropriation was helpful in accommodating the growth in the number of participating counties.

In 2001-02, two new counties, Pike and Perry, became eligible for reimbursement in noncapital cases. This raised the number of approved counties to fifty. That year also saw suspension of noncapital claims. In June 2002, the suspended claims were prorated and payments made, though about \$1.2 million in claims could not be paid because funding was insufficient to pay all claims in full.

During the year, Marion County took a major step in achieving full compliance, by bringing its Class D felony courts into compliance with Commission Standards.

The most notable change for noncapital claims was the Commission's adoption of a guideline for the submission of noncapital claims. The new guideline requires counties to submit noncapital claims not later than forty-five days after the end of the calendar quarter in which they were incurred. This change has provided a more orderly and predictable report schedule.

Attached as Appendix A is a table showing the counties that are eligible for state reimbursement in non-capital cases.

V. PUBLIC DEFENSE FUND (IC 33-9-14)

State reimbursement to the counties is paid from the public defense fund: a dedicated, non-reverting state fund created by I.C. 33-9-14 in 1989. Originally, the public defense fund received an annual appropriation of \$650,000. In 1995, the General Assembly increased the annual appropriation from the state general fund to the public defense fund to \$1.25 million for FY 1995-97. Effective July 1, 1997 the annual appropriation was increased to a total of \$3 million for the biennium. For the biennium beginning July 1, 1999, the annual appropriation was set at \$2.4 million per year. For the fiscal year beginning July 1, 2001, the appropriation was increased to \$6 million, with the appropriation for the following fiscal year set at \$7 million. The balance in the fund on June 30, 2002, was depleted due to the proration of previously suspended claims. By the close of fiscal year 2002-2003, the fund balance was once again positive (See, "Fiscal Report," Appendix B).

The state reimbursement to the counties for their expenditures in providing indigent defense services is the only state assistance given to the counties to provide indigent defense services. In contrast, the state contributes approximately \$38,445,000 million for judges' salaries and \$17,300,000 million for prosecutor's salaries.

A request from a county for state reimbursement is initiated by a written request from the county auditor to the commission for reimbursement for the certified expenditures paid by the county for indigent defense services. Upon a determination by the Commission that the county auditor's request is in compliance with Commission guidelines, the state court administrator then certifies to the state auditor that the county should receive 50% of its approved expenditures for indigent defense services in the capital case. The state auditor then issues a warrant to the state treasurer for payment from the public defense fund to the county for the amount certified. This same procedure is used for reimbursing counties for 40% of their expenditures in non-capital cases.

In FY 2002-03, the Commission reimbursed counties \$413,805 for expenditures in capital cases. Appendix C is a table showing reimbursements to counties in capital cases. In FY 2002-03, the Commission reimbursed counties \$5,371,364.42 for expenditures in non-capital cases. Total noncapital reimbursements would have been \$7,219,709.96 but for the need to suspend payment of claims in June 2003. Appendix D is a table showing reimbursements to counties in non-capital cases. Subsequently, counties were paid the amounts suspended in June 2003. Payment was made in July 2003 from amounts received by the Public Defense Fund on June 30, 2003, and July 1, 2003.
